

Pain-Free and  
Efficient Treatment

The edelweiss therapies and treatments have been designed and engineered to the highest standard, resulting in minimally invasive, pain-free procedures.

We know your time is precious, therefore we have created a system so that the treatment can be done in one appointment.

„The difference lies in it's  
similarity with nature“

shaping the future of dentistry

# Naturally Beautiful Naturally Confident

edelweiss dentistry is dedicated to making you feel happier and healthier by giving you a naturally beautiful, long lasting and confident smile.

Using state of the art technology, edelweiss has created a range of innovative and beautiful oral health products.

# Bio-Esthetics & Function in one Appointment

edelweiss veneers are made using the very latest technologies, allowing us to capture and replicate the very essence of a natural tooth. Both strong and beautiful, our veneers give you a naturally functioning and radiant smile that lasts.

An imbalance in the relationship between the teeth and bite can often cause discomfort. edelweiss has a range of crowns and bridges to help you maintain a healthy balance, removing discomfort and increasing your level of oral health.

Treatments using edelweiss dental therapies are designed to be as comfortable and minimally invasive as possible, giving you a great result in just one appointment.
