PEDIATRIC CROWN

February 8th 2024

Pediatric Dentistry: Full coverage aesthetic crowns.
Why, When and How?

Synopsis

Preformed crowns have been widely available for the past 50 years. As time goes by, due to demand from the society, the clinical performance of preformed crowns has evolved to meet higher functional, mechanical, and aesthetic demands.

We will discuss about the reason, timing and the step-by-step of using full coverage aesthetic crowns in this lecture.

Registration

Registration Fee: none / free

After registering, you will receive a confirmation email containing information about joining the webinar.
